TOP LWW PEDIATRIC BOOKS ON OVID INCLUDE:

5-Minute Pediatric Consult

Edition: 7th

Authors/Editor: Cabana, Michael

Publisher: Lippincott Williams & Wilkins (LWW)

ISBN: 978-1-451-19102-8

The 5-Minute Pediatric Consult provides immediate, practical advice on problems seen in infants, children, and adolescents. More than 450 diseases are covered in the fast-access two-page outline format that makes The 5-Minute Consult Series titles so popular among busy clinicians.

Clinical Guide to Pediatric Sleep

Edition: 3rd

Authors/Editor: Owens, Judith A.; Mindell, Jodi A.

Publisher: Lippincott Williams & Wilkins (LWW)

ISBN: 978-1-451-19300-8

Written for busy primary care practitioners, this book is a practical clinical guide to common pediatric sleep disorders and their treatment. Information in this volume is organized by specific disorder and by the most frequent presenting complaints. Symptom-based algorithms will enable practitioners to evaluate sleep complaints in a stepwise manner.

Avery's Neonatology: Pathophysiology and Management of the Newborn

Edition: 7th

Authors/Editor: MacDonald, Mhairi G.; Seshia, Mary M.K.

Publisher: Lippincott Williams & Wilkins (LWW)

ISBN: 978-0-781-74643-4, 978-1-451-19268-1

Manage newborns effectively through an accurate understanding of their pathophysiology. Originally authored by Dr. Gordon B. Avery, a founding father of the specialty, this respected neonatology reference is internationally acknowledged as the defining source on the pathophysiology and management of both preterm and full-term neonates.

Rockwood and Wilkins' Fractures in Children

Edition: 8th

Authors/Editor: Flynn, John.; Skaggs, David L.; Waters, Peter M.

Publisher: Lippincott Williams & Wilkins (LWW)

ISBN: 978-1-451-14393-5

Written by leading orthopaedic surgeons from around the world, the revised and expanded 8th edition of this classic bestselling text presents complete, up-to-date coverage of all types of children's fractures. A must-read for pediatric orthopedic surgeons and orthopedic residents.

LWW Pediatric Books on Ovid

Atlas of Procedures in Neonatology

Edition: 5th
Authors/Editor: MacDonald, Mhairi, G.; Ramasethu, Jayashree; Rais-Bahra, K.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-14410-9

Neonatal intensive care demands sound decision-making and rapid responses. By blending the illustrative power of an atlas with detailed, stepwise procedural descriptions, this practical resource covers a range of technique-specific interventions and prepares you for the challenges of the neonatal intensive care nursery.

The Washington Manual® of Pediatrics

Edition: 1st
Authors/Editor: Dusenberry, Susan M.; White, Andrew
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-0-781-78576-1

Ideal for residents, interns, and medical students, The Washington Manual® of Pediatrics provides concise rapid-access information to be used while on call, in a critical care setting, in the emergency unit, and in subspecialty outpatient clinics.

Schwartz's Clinical Handbook of Pediatrics

Edition: 4th
Authors/Editor: Zorc, Joseph J.; and others
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-608-31578-9

Completely updated by expert authors from leading pediatric institutions, this handbook for medical students and residents covers the diagnosis and management of common problems found in children, focusing on symptoms, differential diagnosis, laboratory assessment, and various treatment options for each problem.

A Clinical Guide to Gluten-Related Disorders

Edition: 1st
Authors/Editor: Fasano, Alessio
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-18263-7

Provides primary health care providers the succinct material they need to immediately evaluate and support their patients. Gluten-related disorders have a wide presentation, and this text covers the recognition, evaluation, and multi-disciplinary approach to the management of disease.

Visual Diagnosis and Treatment in Pediatric

Edition: 3rd
Authors/Editor: Chung, E.; McEvoy, L.; Terry, M.; Lai, N.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-19118-9

Organized by presenting symptom - "scalp swelling," "lumps on face" - and presents a table of differential diagnoses, with corresponding images placed side by side for comparison. It's an incredibly user friendly, easy-to-read format, and provides physicians a way to approach their patients, rather than presenting them paragraphs of dense clinical information.

Photographic Atlas of Pediatric Disorders and Diagnosis

Edition: 1st
Authors/Editor: Salimpour, Ralph; Salimpour, Pedram; Salimpour, Ralph;
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-13740-8

With more than 300 common and rare pediatric disorders and over 800 images, this product offers an impressive selection of photographs to help clinicians diagnosis and treat patients.

Harley's Pediatric Ophthalmology

Edition: 6th
Authors/Editor: Nelson, Leonard B.; Olitsky, Scott E.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-17283-6

For over three decades, Harley's Pediatric Ophthalmology has been the premier reference in pediatric ophthalmology. In this sixth edition it delivers even more of the detailed and practical coverage that has made it the most trusted resource in the field.

Emans, Laufer, Goldstein's Pediatric and Adolescent Gynecology

Edition: 1st
Authors/Editor: S. Jean Emans and Marc R. Laufer
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-608-31648-9

Over 40 leaders in the field were consulted to help shape the content of this 6th edition of Emans, Laufer, Goldstein's Pediatric and Adolescent Gynecology. Using 700 images and more than 100 case examples, this latest edition covers the medical and surgical approaches to common pediatric and adolescent gynecologic problems.

Handbook of Pediatric Neurology

Edition: 1st
Authors/Editor: Sims, Katherine; Peters, Juriaan; Musolino, Patricia
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-17548-6

Addresses the management of hospital- and clinic-based pediatric neurological work-up, diagnosis, and management. Pediatric neurology presents so many challenges unique to young patients that it is in many ways a very different discipline from adult neurology.

Fundamentals of Pediatric Orthopedics

Edition: 5th Ed
Authors/Editor: Staheli, Lynn T.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-0-781-77497-0, 978-1-451-19393-0

Ideal for anyone involved in the care of children with musculoskeletal problems, this best-selling resource has been completely updated to be even more relevant to your everyday practice.

Pediatric Hand and Upper Limb Surgery: A Practical Guide

Edition: 1st
Authors/Editor: Waters, Peter M.; Bae, Donald S.
ISBN: 978-1-582-55870-7

The fifty chapters are subdivided into: Congenital, Neuromuscular, Trauma, Sports, Soft tissue and Microvascular, and Tumor. Each section stands alone but together provides a comprehensive and detailed description of all elements of evaluation and treatment of infants, children, and adolescents with maladies of the hand and upper limb.

Biopsy Interpretation of Pediatric Lesions

Edition: 1st
Authors/Editor: Husain, Aliya N.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-17533-2

Authored by a panel of top experts, the topics covered include a wide spectrum of diseases that afflict children, laying a comprehensive framework for diagnosing both the common and not-so-common diseases that can be identified by biopsy.

Green's Child and Adolescent Clinical Psychopharmacology

Edition: 5th
Authors/Editor: Klyklo, William; Bowers, Rick; Jackson, Julia; Weston, Christina
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-10714-2

Fully revised by a new team of authors active in clinical practice and resident education. A trusted reference in the field, Green's continues to provide practical and balanced information on the full range of medications used to treat mental health disorders in children and adolescents.

Echocardiography in Pediatric and Adult Congenital Heart Disease

Edition: 2nd
Authors/Editor: Cetta, Frank; Eidem, Benjamin W.; O'Leary, Patrick
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-19122-6

This comprehensive resource is edited by experts at the Mayo Clinic—a world-renowned center for echocardiography. In this revision, the editors incorporate new imaging strategies in the diagnosis of congenital heart disease in both pediatric and adult populations.

Biologic Treatment of Pediatric Inflammatory Bowel Disease: A Decade of JPGN Contributions

Edition: 1st
Authors/Editor: Melvin B. Heyman and Raanan Shamir
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-469-88716-6

This collection of articles from JPGN represent seminal work on the application, safety, and efficacy of the 2 leading anti-TNF agents, infliximab and adalimumab, to assist readers in considering treatment options and further advances in the care of pediatric patients with chronic IBD.

Principles and Practice of Pediatric Oncology

Edition: 7th Ed
Authors/Editor: Pizzo, Philip A.; Poplack, David G.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-19423-4

This authoritative reference is the single most comprehensive resource on the biology and genetics of childhood cancer as well as its diagnosis, multimodal treatment, as well as long-term management of young patients with cancer.

Principles and Management of Pediatric Foot and Ankle Deformities and Malformations

Edition: 1st
Authors/Editor: Mosca, Vincent
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-13045-4

Written by the most renowned teacher in pediatric foot and ankle surgery, offering orthopedists, foot and ankle surgeons and podiatrists an invaluable and comprehensive guide to the assessment and treatment of children's feet.

Taylor's Manual of Family Medicine

Edition: 4th
Authors/Editor: Paulman, P.; Paulman, A.; Jarzynka, K.; Hall, N.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-496-30068-3

Designed for today's busy practitioner, Taylor's Manual of Family Medicine, 4th edition, provides practical, expert guidance for the issues you face daily in family practice and primary care.

Moss and Adam's Heart Disease in Infants, Children and Adolescents

Edition: 8th
Authors/Editor: Allen, Hugh D.; Driscoll, David J.; Shaddy, Robert E.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-11893-3

Provides updated and useful information from leading experts in pediatric cardiology. Added chapters and a companion web site that includes the full text with bonus question and answer sections make this Moss and Adams' edition a valuable resource for those who care for infants, children, adolescents, young adults, and fetuses with heart disease.

Lovell and Winter's Pediatric Orthopaedics

Edition: 7th
Authors/Editor: Weinstein, Stuart L.; Flynn, John M. (Jack)
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-605-47814-2

This classic, comprehensive reference covers the basic science, clinical manifestations, and management of orthopaedic problems in children. Now in full color, the foremost orthopaedists examine normal musculoskeletal development and the causes, diagnosis, and treatment of the entire range of abnormalities, with emphasis on evidence-based decision making in treatment selection.
