Taylor & Francis Group

“In my opinion, the Expert Collection is the most relevant journal review series in the area of Pharmacology. The Expert Collection is a credible, topical, and scholarly resource that I have come to rely on in my role as a leader of international pharmacological studies. It is apparent that the peer review process is thorough and critical, and the editorial process is unparalleled in terms of author support.”

Dr Roger McIntyre, University of Toronto
Editor-in-Chief
Expert Opinion on Drug Safety
