

ProQuest Platform Health Research Premium Collection

2017-04

Agenda

- ProQuest Platform
- Health Research Premium Collection
- Live Demo
- Q&A

ProQuest Platform

- The broadest single research resource in the world today.
- One central entry point to search over 100 databases.
- Award-winning, easy to use interface, that also provides powerful features for experienced searchers.

ProQuest Platform – Searching: Query building

- Basic Search
 - Single search box, „Google“-style interface
- Advanced search
 - Multiple search boxes, search filters and tuning options
 - Command line search
 - Giving access to all search options via command language
- Pre-Filtering e.g. via:
 - Database selection
 - Source and/ or document type
 - Language
 - Date
- Thesaurus
- Browse and search in individual titles

ProQuest Platform – Searching: Post-query

- Apply facets e.g.:
 - Full text / peer-reviewed filters
 - Database selection
 - Source and/or document type
 - Topic
 - Date
- Switch sorting
- Search within results
- Apply search suggestions
- Follow citations
- Use subjects from useful results
- ...

ProQuest Platform – Working with results

- View full text online as HTML or PDF
- Download full text
- Organize useful records in MyResearch area
- Export records into citation solutions like RefWorks
- Save searches for repeated execution
- Set up alerts / RSS feeds

Health Research Premium - Content

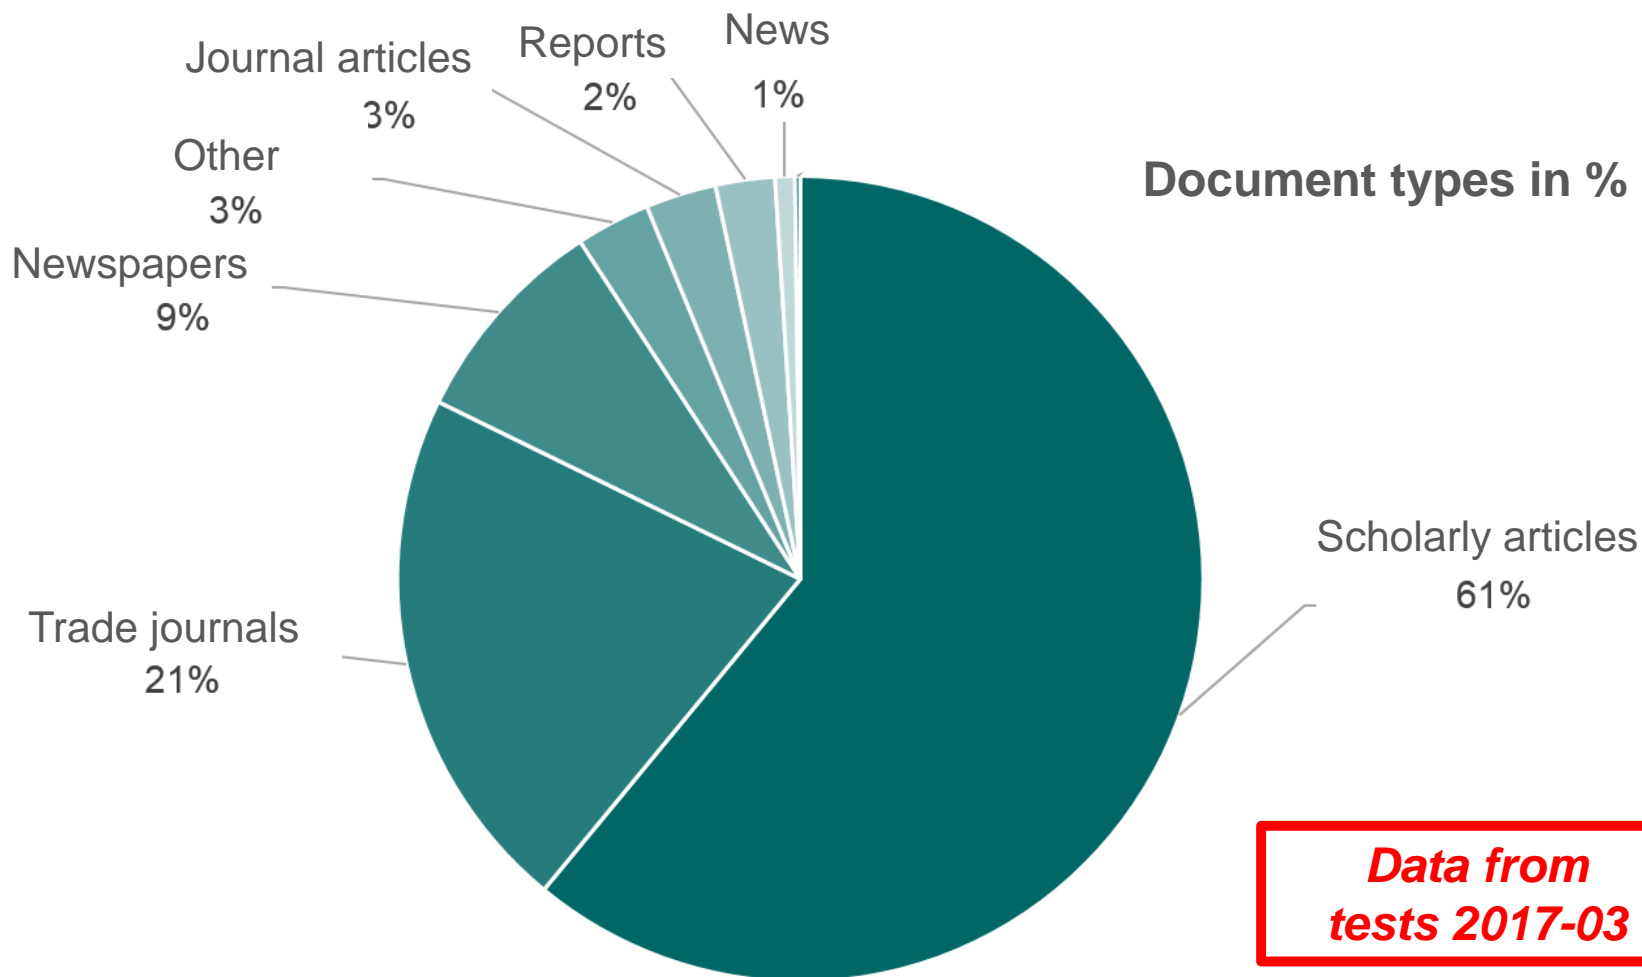

- 7 Databases:
 - Family Health → Medical and general audience publications
