

Oxford Medicine Online

Supporting every stage of a medical career

oxfordmedicine.com

Available via Subscription

Oxford Medicine Online is a collection of online medical resources which cover every stage in a medical career, with world-renowned titles in over 85 specialty and sub-specialty areas. Medical professionals will instantly recognize many of the series and titles we publish, from the *Oxford Handbook of Clinical Medicine* to titles from the Mayo Clinic Scientific Press.

While obesity is frequently considered a “modern” disease, artefacts representing subjects with excess body fat have actually been found dating from the Palaeolithic age.

THE COLLECTION

- **Over 500 cross-searchable titles**
- **Exclusive online only content** - videos, downloadable images, and self-testing functionality
- **New titles** added throughout the year
- World-renowned content **accessible anywhere** - from the library to the bedside

Highlights from the Medicine Collection

academic.oup.com/journals

Endocrine Reviews

Impact Factor: 14.898*
Endocrinology & Metabolism 4/131

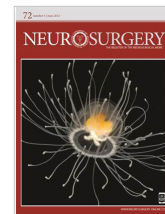

An official journal of the Endocrine Society. Publishes on clinical and research topics in diabetes, endocrinology, and metabolism, also including thyroid disorders, pediatric endocrinology, growth factors, and reproductive medicine.

Neurosurgery

Impact Factor: 3.780*
Clinical Neurology 40/192 Surgery 12/199

Neurosurgery, the official Journal of the Congress of Neurological Surgeons, is the most complete window on the contemporary field of neurosurgery. For professionals aware of the rapid pace of developments in the field, *Neurosurgery* is nothing short of indispensable.

SLEEP

Impact Factor: 4.793*
Clinical Neurology 23/192 – Neurosciences 44/256

SLEEP is the leading peer-reviewed journal in sleep and sleep medicine, and the official publication of the Sleep Research Society (SRS). This monthly online publication features cutting-edge scientific investigations in the field of sleep and circadian research.

Physical Therapy

Impact Factor: 2.799*
Orthopedics 10/74 – Rehabilitation 5/65

A leading international journal for research in physical therapy. Established in 1921 with a current circulation of approximately 90,000, and ranked fifth in its field.

Diseases of the Esophagus

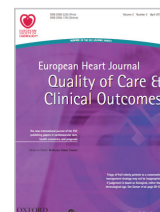

Impact Factor: 2.146*
Gastroenterology & Hepatology 52/78

The premier publication in the field for 30 years (2017 is the 30th volume). This international journal covers all aspects of the esophagus - etiology, investigation and diagnosis, and both medical and surgical treatment.

European Heart Journal – Quality of Care and Clinical Outcomes

The journal publishes high-quality, original, electronic health record and prognosis research from the scientific community, focusing on quality of care as it affects cardiovascular outcomes at hospital, regional, national, and international level. It provides a forum for showcasing the best cardiovascular outcomes research to inform cardiovascular public health policy globally.

The Oxford Journals Collection

Features and Benefits for Libraries

- perpetual access to paid-for content
- access to content dating back to 1996
- subscribe to the entire collection, individual subject packages or a customized selection of titles
