Web of Science today

Clarivate[™]

- Understand the research landscape with the world's largest curated citation network of research publications
- Make confident strategic decisions using unbiased data curated by publisher-neutral experts
- Uncover hidden opportunities with consistent, accurate and complete metadata for authors, author affiliations, and funders
- Research more efficiently using tools that find PDFs for you throughout your search process and automatically write your bibliography
- Conduct more responsible research evaluation using multidimensional profiles and ISI's objective guidance

Did you know that researchers waste nearly 200,000 hours per year formatting citations?

Imagine if you could have that time back to spend on your research.

EndNote 20 accelerates your research process so you can focus on what truly matters – conducting and sharing groundbreaking research.

Focus on what matters most: your research

WRITE FASTER

Insert in-text citations while simultaneously creating a bibliography with the Cite While You Write feature in Microsoft[®] Word.

RESEARCH BETTER

Use tools that find PDFs for you throughout your search process. Then, easily read, review, annotate and search PDFs in your library.

STAY ORGANIZED

Create rules to automatically organize references as you work. And, use the new Tabs feature for easier multitasking.

COLLABORATE EASIER

Easily collaborate across geographic boundaries. Share some or all of your library and set permissions for access.

GET PUBLISHED

Match your paper with relevant, reputable journals using Manuscript Matcher.

WORK FROM ANYWHERE

Access your research anytime, anywhere from the cloud. Move seamlessly between online and the desktop and iPad applications.

Clarivate[®]

Accelerate your research with EndNote

Rely upon the world's essential reference management tool

Save time

Research more efficiently with tools that find PDFs for you throughout your search process and automatically write your bibliography, so that you can focus on what matters most: your ideas.

Stay organized

Conduct large-scale projects with a reliable system that stores unlimited references and provides powerful tools to help you organize and manage them with ease and speed.

Collaborate easily

Work more smoothly with your team members whether they're based around the world, or just across town— with flexible solutions for sharing and commenting that help everyone stay on the same page.

Get published

Easily manage the process of getting your manuscript published using tools that match your paper with relevant, reputable journals, and can instantly reformat your paper in over 7,000 bibliographic styles.

Power your research with a robust system you can count on

Manage a truly unlimited number of references and PDFs

Search hundreds of online resources for references and PDFs

Create rules to automatically organize references as you work

Build your bibliography using the latest reference types

Find full text for references in one click

Keep your data accurate with automatic reference and link updating

Trust that your bibliography is correct with up-to-date journal and referencing styles

Read, review, annotate and search PDFs

Share your library (or just a portion) with colleagues, track changes, and control who gets to make edits

Access your research from your desktop, the cloud, or your iPad
