- I am your dedicated Customer Success Manager (CSM) who works alongside your Account Manager, to ensure you and your end users have the resources and support needed to gain the most value from your Wiley partnership.
- My job is to provide you personalized support and custom resources for the Wiley products your institution uses. I will work for you to discover innovative ways Wiley can support your researchers and your institution's leaders.
- Please, consider me your day-to-day contact for any requests you have related to training, author workshops, usage reports, access, and ideas for how Wiley can support your institution's strategic research priorities.

# Agenda

- Anelis Plus and Wiley agreement performance for Romanian authors
- Open Access Impact in the rest of the world
- How can you take part?

**How can you take part in the Agreement?**

# How can you take part?

---

## **Open access agreement for authors at eligible Romanian institutions**

### **Your institution wants you to publish open access**

Wiley and Anelis Plus have an agreement which allows eligible authors to publish open access without paying an article publication charge (APC). The cost of publishing is covered under the terms of the agreement.

Corresponding authors affiliated with participating Anelis Plus institutions may publish gold open access in any fully open access or hybrid journal, at no charge. By choosing gold open access an article is immediately and freely available for all to read, download and share.

Your institution wants you to make your article gold open access.

Publishing open access:

- Complies with funder or institution mandates
- Allows you to retain copyright through a CC BY license
- Enables automatic deposit in PubMed Central (when appropriate)
